THE COMMUNITY BENEFIT DISTRICT NEWSLETTER | OCTOBER 2007 | ISSUE: #4

SAN FRANCISCO POLICE DEPARTMENT WANTS YOUR OPINIONS

The San Francisco Police Department, in partnership with the Controller's Office, is contracting with Public Safety Strategies Group to conduct two planning studies: **Foot Patrol Pilot Program Evaluation and the District Station Boundaries Analysis**, these two studies are part of the Police Effectiveness Review. Community input is an integral component of these studies and will be used during the development of recommendations provided to the City. From September 11th through September 24th, Public Safety Strategies Group (PSSG) attended over 35 community meetings across the City to discuss police district station boundaries and foot patrols. Outreach is continuing with use of online, paper and telephone surveys. The online survey can be found under the What's New section at: www.sfpolicereview.org. Please take the time to fill out a survey and provide your opinions. For more information on the project contact the Police Effectiveness Review at (415) 554-5297 or visit the website at www.sfpolicereview.org.

Deadline for survey participation is Friday, October 12.
